

■ Your benefits

In the IP Summer Course 2024 you will learn and exchange information about:

- Options and strategies of obtaining patent protection in Europe, including a summary of the Unitary Patent system and a UPC mock trial.
- Recent developments in the patenting of software-related and biochemical inventions in Europe, including specific IP issues relating to pharmaceuticals.
- Important aspects of the prosecution of European Patents as well as opposition and appeal procedures at the European Patent Office, including attending an Official Hearing at the EPO.
- Patent litigation in Europe, with a specific view to Germany, including claim construction and patent invalidation as well as a comparison with the practice in Japan and the USA.
- The usefulness of utility models and design protection, including the EU Community Design.
- Important aspects of licensing, IP management, IP valuation and technology transfer in Europe, including software and e-commerce, with a comparative view to other regions.
- Options and strategies of obtaining trade mark protection in Europe, including the EU Community Trade Mark.
- The protection of trade dress and legal protection beyond registered rights.
- Means of defense against counterfeits, including antipiracy and border seizure measures.

■ Registration fee

- € 950,00 for Part 1: Patents and beyond – trade marks, designs, copyright, trade secrets (June 20 – June 22, 2024)
- € 1.950,00 for Part 2: Patents, utility models, including enforcement and licensing (June 24 – June 28, 2024)

IP Summer Course 2024

Obtaining, Enforcing and
Evaluating Intellectual Property
Rights in Europe

June 20 to 28, 2024
in Munich, Germany

IP Summer Course 2024

June 20 – 22, 2024

Part 1: Patents and beyond –
trade marks, designs, copyright & trade secrets

June 24 – 28, 2024

Part 2: Patents, utility models, including enforcement
and licensing

Our course introduces important aspects of obtaining, enforcing, evaluating and licensing intellectual property rights in Europe, providing you with a summary of the fundamental strategies of patent, design, trade mark and trade secret protection as well as an insight into the practice of Intellectual property professionals.

The first part of the seminar will focus on the use of trade marks, copyright and trade secrets, whilst the second part is dedicated to the protection of technology and innovations by patents, utility models and designs.

This part includes attending oral proceedings at the European Patent Office (EPO), a UPC mock trial and covers issues of patent enforcement, licensing and IP management.

Our courses are aimed at in-house lawyers, corporate patent and trade mark managers as well as other intellectual property professionals.

The event will be held in English.

We hope to welcome you, your colleagues and interested friends to Munich this summer!

The partners of BOEHMERT & BOEHMERT
