

Your Benefits

At the IP Summer Course 2025 you will learn and exchange information about:

- Options and strategies for obtaining trade mark protection in Europe – systems and approaches.
- Trade mark litigation in Germany.
- Opposition and cancellation proceedings before the EUIPO.
- Recent developments in European trade mark case law.
- Case study on trade mark infringements.
- Options and strategies for obtaining patent protection in Europe, including a UPC mock trial.
- Design protection and protection of secret knowledge in Europe.
- Excursus: Trusted depository (TD) for trade secrets and data.
- Recent developments in patenting software-related and biochemical inventions in Europe, including specific IP issues related to pharmaceuticals.
- Key aspects of European patent grant, opposition and appeal proceedings before the European Patent Office, including attending an oral hearing before the EPO.
- The EPO's approach to artificial intelligence.
- Patent litigation in Europe, with a particular focus on UPC, including claim construction and patent invalidity.
- Utility models and design protection, including the EU Community Design.
- Legal, commercial and competition law aspects of license agreements.

IP Summer Course 2025

Obtaining, Enforcing and
Evaluating Intellectual Property
Rights in Europe

June 30 to July 04, 2025
in Munich, Germany

IP Summer Course 2025

June 30, 2025

Part 1: Trade Marks, EU Systems, Prosecution, Enforcement

July 01 – 04, 2025

Part 2: Patents, Utility Models & Designs

Our course will introduce you to important aspects of obtaining, enforcing, evaluating and licensing intellectual property rights in Europe. You will gain a comprehensive overview of the basic strategies of patent, design and trade mark protection as well as an in-depth insight into the practice of intellectual property professionals.

The first part of the seminar will focus on trade marks, the different systems in the EU and their prosecution and enforcement.

The second, four-day part of the seminar is dedicated to the protection of patents, utility models and designs. It includes participation in an oral hearing before the European Patent Office (EPO) and covers topics such as patent enforcement, licensing and IP management. A particular highlight is the UPC mock trial, which is conducted by experienced patent experts from BOEHMERT & BOEHMERT.

Our courses are aimed at in-house counsel, patent and trade mark managers as well as other intellectual property professionals.

The event will be held in English.

We hope to welcome you, your colleagues and interested friends to Munich in summer 2025!

The partners of BOEHMERT & BOEHMERT
